

WISH

Promoting Well-being through an Interactive and Inclusive Social Dialogue Hub

CALL FOR CORE GROUP MEMBERS

(Voluntary Basis)

Introduction

Project WISH is a Structured Dialogue project under Key Action 3 of the Erasmus + Programme. Activities envisaged under this key action include national meetings and transnational/international seminars that offer space for information, debate and active participation of young people – in dialogue with youth decision-makers - on issues which are relevant to the EU Youth Strategy. This will give such youths, who are often not given the opportunity to contribute directly to policy formulation and evaluation, an unprecedented opportunity to voice their views and experiences. The outcomes of these discussions will be collated and discussed during a round table meeting held at the offices of the European Association of Service Providers for Persons with Disabilities (EASPD) in Brussels - the transnational activity envisaged under this project.

Duties

Inspire is looking for a number of young persons aged between 13 and 30 years old whose role would be to form a CORE GROUP which would take the lead in developing and implementing the activities being envisaged under this project as per attached timetable.¹ The members of the Core Group will be supported by Inspire staff members and the grant operators.

¹ Kindly note that dates and venue can change at the discretion of Inspire, according to the exigencies of the project

Selection procedure

Participants will be selected on the basis of their motivation to contribute something positive to society whilst being able to gain the opportunity to learn from interacting with persons with different abilities.
